## FROM THE DEAN

Hello Dear Friends,

I hope you are ready for Spring! It seems that despite the off and on flurries and sleet, we are holding fast to our warm weather. It will soon be Easter and with the Spring come exciting opportunities in the form of competitions and concerts.

The Annual Conboy Young Artist Awards information and application forms are attached here with this email. If you know a worthy student or young player in need of some funds and recognition, please forward the attached information on the competition. Cash prizes for excellence in musicianship and organ skills are available for the taking.

This May, we will be presenting a wonderful artist, international concert organist Joseph Ripka, on May 6 at 7:30 PM in an exciting full recital program on the Aeolian Skinner pipe organ of Central Congregational Church. Among many accolades and concerts, Mr. Ripka won First Prize at the 2008 Dublin International Organ Competition by unanimous decision of the jury and has performed with the Boston Symphony under Michael Tilson Thomas. This concert, as always, will be free and open to the public through the generosity of the Vitullo Fund. Please do mark your calendars now!

We had a very lovely general meeting for the holidays at The Old Grist Mill in Seekonk MA in January. It was a wonderful time to relax and get to know each other better. People shared stories of their personal lives and what led them to music and about all their incredible talents. We talked about everything from ballroom dancing, to speaking many languages and teaching in South Africa, to projects to make African American artists and their music front and center, to their love for teaching young people the joy of music. I was astounded at the incredible stories I heard when I was trying to discover just what "turned their lights on." We all have many gifts, but there is always that one talent or gift that really makes us shine and makes our lives worth living. It informs our teaching and our music-making and how we relate to those around us. This was truly a beautiful afternoon, and I hope that you out there who couldn't come will soon be able to get to know some of your amazing and gifted members and board members.

The call to action is now. I will be stepping down as Dean at the end of this season and we need people who love what they do and are eager to share it. Please write to any of us to put your name forward to be on the board and make your vision a reality through the vehicle of the American Guild of Organists. The addresses are in the sidebar, and we look forward to hearing from you. We are truly blessed to do what we love in music. I look forward to hearing how you will share your gifts with us soon!

## CATCHING UP WITH...

*Editor's Note:* In an effort to connect our members through the newsletter during these days of limited in-person gatherings, we are inviting you to share a brief item about your work, on-the-side or primary; a special interest or accomplishment; a tip you have discovered in your work with colleagues or students. Please send me an email for inclusion in this column, and perhaps recommend another member I might invite to participate in this exchange. Then, when we are able to meet in person, we will not be strangers, but friends in the making.

Thanks,

### Busby and Sesma at St. Stephen's

On Sunday October 10th, 2021, a truly rare and memorable musical offering was heard at St. Stephen Church Providence. **James Busby**, organ, and **Megan Sesma**, harp, bonded in mutual talent to perform sonic thrills seldom heard anywhere. Sesma, currently the 1st enlisted principal harpist with the United States Coast Guard, who also holds positions at Connecticut College in New London, University of Connecticut in Storrs, and Wesleyan University in Middletown, Ct. has performed extensively, world wide. She showed "technique to burn" and masterful musicality in the three pieces by French composers Marcel Grandjany, Rene Raby and Maurice Ravel. The latter piece was transcribed for harp and organ by James Busby from Introduction et Allegro (1907) for Harp, Flute, Clarinet and string quartet. James truly "tamed a beast" with his skillful accompaniment of the harp, and showed the resources of the organ to great aplomb in epic organ solo works by Aaron Copland and Leo Sowerby. The concert was an annual offering showcasing the Robert Hale Ives Goddard Memorial Organ, an Austin organ dating from 1955 containing 76 ranks.

*Information extracted from the program notes by James Busby, submitted by Peter Lamoria.*

## A PLEA

In this day of rolling AGO registration, when membership renewal is due in the anniversary month of your last dues payment, rather than universally in July, our Membership master, Chris Souza, has had a difficult task in assembling a Directory. Those who missed inclusion in the 2022 Directory can be noted in the newsletter. Please send your information to me at altheaallard@gmail.com.

Dues can be renewed online (perhaps the most efficient, since office staff are working from home). If you need to renew via US mail for reimbursement by your employer or for other reasons, it is especially important to initiate the process in advance to allow for the delay at headquarters. Your Chapter appreciates your support in this effort.

***Up for dues renewal? Do it today--please.  
Your membership matters!***

## The Fourth Annual Lois Conboy Memorial Awards 2023

The Rhode Island Chapter of the American Guild of Organists (RIAGO) is pleased to announce its **Fourth Annual Lois Conboy Memorial Awards 2023**. The Reverend Thomas Conboy, Jr. wanted to memorialize his wife, Lois, by having RIAGO grant awards in her name. It is the Chapter's desire to support young artists who wish to pursue the organ as a career.

There are three Scholarship Awards: a **Young Artist Award** (\$1,200), an **Encouragement Award** (\$500) and a **Discovery Award** (\$300). The **Young Artist Award** is open to anyone who is a New England native or resident, 30 years old or younger, and is or has been or will be enrolled in a program of organ study at a University, Conservatory or College, or is a graduate of any music program. The **Encouragement Award** is open to any undergraduate or graduate student who is a Rhode Island native or resident, 30 years old or younger, and is or has been or will be enrolled in a program of organ study at a University, Conservatory or College, or is a graduate of any music program. The **Discovery Award** is for anyone in Rhode Island who wants to learn more about the organ, regardless of age. The Award money may be used to pay for organ lessons, Pipe Organ Encounters (POE) workshops or any other program involving organ discovery and learning.

Application deadlines:

- Deadline for submissions for the Young Artist and Encouragement Awards is May 15, 2023. Winners to be announced on or before June 15, 2023.
- The Discovery Award accepts submissions on a rolling basis and is awarded on a first come first served basis. Applications are open until November 2023.
- Only one award per candidate in any given year, and any previous Young Artist Winners are ineligible to apply again.

To apply, email [riago.events@gmail.com](mailto:riago.events@gmail.com) and we will send you an application form.

**Lois Conboy** started taking organ lessons in Junior High School. She attended Westminster Choir College in Princeton, New Jersey, focusing on Organ and Choral Conducting. Her education was interrupted upon marrying The Reverend Thomas Conboy, Jr., and was completed by her graduation with a degree in Education from California State University (PA) and a later Master of Education. Moving to Rhode Island in 1972 when Rev. Conboy became Pastor of Calvin Presbyterian Church in Cumberland, Lois oversaw the selection and installation of the new organ in their newly constructed church. She served as volunteer Organist/Choir Director at Calvin for over 15 years, and during those years spent every "vacation Sunday" playing at other churches. After retiring from Calvin, Lois served as interim, and in her last years in RI served as Organist/Choir Director at the Community Church of Providence. Lois loved RIAGO and was active in workshops and conventions, but most of all, she enjoyed and cherished the friendship and fellowship of the Guild.

## The 2023 Lois Conboy Memorial Encouragement Award

The Rhode Island Chapter of the American Guild of Organists (RIAGO) is pleased to announce its **2023 Lois Conboy Encouragement Award**. This prize is open to Rhode Islanders only. If you have already applied to the **Young Artists Award** for this year and you are a Rhode Islander, you will automatically be eligible for this award and do not have to complete a separate application. The Reverend Thomas Conboy, Jr. wanted to memorialize his wife, Lois, by having RIAGO grant awards in her name. Read Lois' biography in the succeeding pages. It is the Chapter's desire to support young artists who wish to pursue the organ as a career.

### ***Eligibility***

The Award is open to any Rhode Island native or resident, age 30 or younger of any education, background or training.

### **Required Application Materials**

The Baroque selection and the Organist's Choice selection may be recorded on different instruments if desired (please provide specifications for both instruments). Total playing time must not exceed 30 minutes.

**Repertoire Guidelines:** One complete piece (or movement) from Category A and one from Category B. Please keep in mind that not only will your performance be taken into account but so also will be your choice of repertoire; its level of difficulty and appropriateness of style, so please choose carefully.

- B. **Organist's Choice** from any period or composer. Classical repertoire only, no pop arrangements or easy editions of standard repertoire will be accepted.

4. ***Written Essay.*** Write a brief essay (100-300 words) in which you address the following topic:

The Encouragement Award is created in part to address a decline in the number of young people entering the music profession as organists. How do you envision yourself contributing to the viability of organ performance and/or church music as a sustainable career choice? Are you involved in any such activities at the present time? Please also tell us about your connection to Rhode Island.
